## PRESIDENT'S MESSAGE

Chapter Members,

Summer is a great time in San Antonio! Actually, Fall, Winter, and Spring are pretty darned awesome, too. Heck, anytime is a great time in San Antonio, and I'm just blessed to have good health and a wonderful family with whom to enjoy life here. But as we spend time on vacation or in summer-fun activities, let's always be mindful of safety and taking proper precautions. Whether lathering on the sunscreen, hydrating properly for the heat, or ensuring an adequate supply of functional life-preservers while boating, we should always practice a little operational risk management -- might just be the difference between fun and fatal. In the Air Force, we observe the Critical Days of Summer (CDS), which marks the period from Memorial Day to Labor Day, historically associated with an increased number of preventable accidents and fatalities. Tragically, in the first four weeks of these CDS the Air Force lost six Airmen in motorcycle, ATV, and kayaking mishaps. Although I don't know the particulars of each mishap, my gut tells me each was probably preventable if the Airmen had tended to a few important precautions. Always be sure your vehicle and equipment are in a safe and serviceable condition. Get plenty of rest before participating in activities, and ensure you're properly trained and equipped. And never consume drugs or alcohol before driving a car, boat, ATV, motorcycle, etc. Again, Summer is loads of fun. Special time with family, friends, and a variety of activities to enjoy. Be smart, observe safe practices, and use common sense ... I look forward to hearing about the happy memories you create this Summer.

PAUL L. J. SINOPOLI, CDFM  
President, ASMC Alamo Chapter

# NATIONAL NEWS

**DoD and defense industry officials warn of security risks and job losses if sequestration occurs.** Department of Defense and defense industry leaders have stepped up their warnings about the security and economic consequences of the \$55 billion in automatic cuts to the DoD budget set to go into effect in early January 2013. Another \$55 billion in cuts to non-defense budgets would also occur in January. Total budget reductions if Congress does not act to approve an alternative to sequestration, would be over the next nine years would be \$1 trillion. ([Read the rest of the story....](#))

## ORGANIZATION SPOTLIGHT

### Army Audit Agency (AAA) Today

(Extracted from: <http://www.hqda.army.mil/AAAWEB/history.htm>)

AAA is the only internal audit organization in the Army. AAA's mission is to serve America's Army by providing objective and independent auditing services. AAA helps the Army make informed decisions, resolve issues, use resources effectively and efficiently, and satisfy statutory and fiduciary responsibilities.

To accomplish this mission, the AAA does comprehensive, independent and objective assessments of an Army entity, function, program or activity in accordance with generally accepted government auditing standards. All audit organizations in the government are bound by these standards which are issued by the Comptroller General. In accordance with these standards, the AAA does three basic types of audits:

Performance Audits. This is by far the largest portion of AAA's workload. These audits focus on program effectiveness—audits that measure the extent to which a program is achieving its goals and objectives—and economy and efficiency—audits that determine whether an entity is acquiring, protecting and using its resources in the most productive manner to achieve program objectives.

Financial Audits. These audits are primarily concerned with providing reasonable assurance about whether financial statements are presented fairly. The AAA provides financial audit support to the Army in support of its annual financial statements—General Fund, Working Capital Fund and Civil Works. This includes ensuring financial controls and financial systems will allow the Army to produce reliable financial data.

Attestation Engagements. These audits are a review of a specific assertion made by an Army activity. These include asserting to the accuracy of the A-76 studies, correction of material weaknesses, and accuracy of performance measures or other data such as the data supporting the Army's recommendations to the Base Realignment and Closure Commission. These audits are generally requested by an Army organization that needs to assert to the accuracy of data being provided to a higher level or outside organization.

AAA uses a strategic audit planning process that ties its audit plan to the Army's Strategic Readiness System. The process involves the review of the Army's corporate documents (The Army Plan, Army Campaign Plan, Transformation Roadmap, etc.) along with extensive communication with Army leadership to identify key Army issues that would benefit from audit. Examples of issues AAA is answering include:

- Are estimated Base Realignment and Closure savings supported, realistic and achievable?
- Is the Elimination of Chemical Weapons Program achieving its mission of destroying the nation's stockpile of unitary munitions within established cost and schedule milestones?
- Is the Army applying a “risk management approach (which includes a systemic, analytical process) to determine the likelihood that a threat will negatively impact physical assets, individuals or operations and identifying the actions needed to reduce risks?

AAA designs a series of audits to answer these issues and provide the Army leadership with timely information to achieve its strategic readiness goals.

To accomplish its mission, the AAA is functionally aligned. It is headed up by The Auditor General of the Army and the Principal Deputy. The Agency has three Deputy Auditors General, each of whom is in charge of specific aspects of Agency operations (Acquisition and Logistics Audits, Forces and Financial Audits, and Policy and Operations Management). The Agency is headquartered in Alexandria, Virginia, and has 22 field offices – 19 in the Continental United States (including Fort Sam Houston) and 3 overseas (in the Republic of Korea, Hawaii, and Germany).

## COMMUNITY SERVICE

The Alamo City Chapter offers a wide variety of community service opportunities throughout the year. You are not expected to participate in all of the events, but we do hope you will support at least one and perhaps several that enthuse you. Families and friends of ASMC members are also welcome to join us in any of our community service events.

### **CURRENT COMMUNITY SERVICE EVENTS:**

- **Annual “Dare to Love” School Supply Drive.** Once again, the Alamo City Chapter is holding School Supply Drive to support disadvantaged children supported by Child Protective Services (CPS) through the Dare to Love Rainbow Room. We sometimes take so much for granted, but we have heard story after story in previous years about children under the care of the CPS, who for the first time, had backpacks and supplies like the other kids in their class. These children have to grow up with the reality that their parents couldn't or wouldn't care for them, but having their needs met even by an anonymous donor like the ASMC Alamo Chapter lets them know someone cares. Let us send these underprivileged children to school with the essentials to help them focus on learning in school, such as:

Backpacks (any kind)	Pencil Bag/Box	Construction paper
Spiral Notebooks	Crayons	Scissors (blunt are best)
3-Ring Binders	Sharpener	Dividers
Loose Leaf Paper	Pencils	Folders
Rulers	Washable markers	Highlighters
Pens	Calculators	Glue
Colored Pencils	Erasers	

Supplies will be collected through **30 July 2012** by your organization VP for delivery to CPS on **3 August 2012**. POCs for donations are **Paula Stampley** (Fort Sam, 808-0107), **Ada Fromuth** (Randolph, 652-0224), and **SSgt Katica Kight** (Lackland, 671-9244).

**UPCOMING COMMUNITY SERVICE EVENTS:**

- **Walk to End Alzheimers.** The Alamo Chapter, ASMC, is sponsoring a team to participate in the **Walk to End Alzheimers** at the AT&T Center on **22 September 2012**. Currently, more than 5 million Americans have Alzheimer's and that number is expected to grow to as many as 16 million by 2050. It's easy to join the team or donate online using the [Alamo ASMC Team link](#). If you can't join the team, please consider making a donation to any of our team members (using the same link), especially for any team member who has not yet raised a minimum of \$100 and earned a t-shirt for participating at the event. Together, our team hopes to make a real difference in the fight against Alzheimer's disease. Our Alzheimer Walk Team Captain is Jane Keller ([jkeller@satx.rr.com](mailto:jkeller@satx.rr.com)).
- **Walk to Cure Diabetes.** The ASMC Alamo City Chapter is also sponsoring a team to participate in the **Walk to Cure Diabetes**, sponsored by the South Central Texas Chapter of the Juvenile Diabetes Research Foundation (JDRF), on **21 October 2012**, at the Alamo Dome. The Walk to Cure Diabetes is the largest national fundraising event to help JDRF raise funds to accelerate progress toward the most promising opportunities to cure, treat and prevent Type 1 Diabetes. To join or donate on behalf of the ASMC Alamo City Chapter team or its members, go to [www2.jdrf.org/site/TR/Walk-TX/Chapter-SouthCentralTexas4656?fr\\_id=1923&pg=entry](http://www2.jdrf.org/site/TR/Walk-TX/Chapter-SouthCentralTexas4656?fr_id=1923&pg=entry). Let's help find a cure for Type 1 Diabetes. Our Diabetes Walk Team Captain is Kay Zurenko ([Kay.Zurenko@us.af.mil](mailto:Kay.Zurenko@us.af.mil)).

**COMMUNITY SERVICE NEEDS YOU:** Do you feel overwhelmed? Please don't. We offer a variety of community service efforts and urge you to try each one at least once. Then please let your VP know which events you most enjoy supporting. We hope that through varying our community support, you will each find a niche that suits you so you can contribute too. Finally, if you have any suggestions for community service activities or if you would like to host one of our events, please don't hesitate to e-mail **Jane Keller**, our Community Service Chair, at [jkeller@satx.rr.com](mailto:jkeller@satx.rr.com) or call her at 573-6702 or 590-7460. **Thank you!!**
